

OVERAM Mirage 100

Versatile and affordable !

The Mirage 100 series delivers Intel Centrino Mobile Technology at a market leading value. Featuring wireless computing, outstanding 4.5 plus hour battery life, memory card reader for digital file transfers, CD-RW + DVD combo optical drive and large 15.4-inch XGA wide screen TFT LCD screen all in a smart looking black & silver design, the Overam Mirage 100 is perfect for the mobile who requires more from his notebook.

The Overam Advantage

- **Quality**

All Overam notebooks are built by an experienced technician with high-quality parts and include a 1-year warranty on parts and labor.

- **Upgrade-friendly**

Most notebooks are made with proprietary hardware, which can make upgrading a painful process. At Overam, we use stock parts that are easily available to the public. Want to add more memory or a bigger hard drive? The easy-access panels make it simple! We also offer laptop upgrade services.

- **Superior service**

In addition to our no-dead pixel plan, the 1-year warranty can be expanded to 3 or 4 years. All of our notebooks are set up and custom-configured before being shipped. When you order a Mirage, it will arrive running smoothly with the latest updates. Most retail stores charge extra for this, but not us! Plus, you get the added benefit of free lifetime e-mail support!

- **Price-matching**

If you find a lower priced notebook with the same specifications, we will match the price!

- **Extras**

Every Mirage 100 notebook package includes a deluxe carrying case, a USB flexible night-light, and a universal power supply — everything you need to get started right away! Mirage 100 Models also include: Four USB ports, Microphone, 2 built-in speakers, integrated 56Kbps Modem, 10/100 Ethernet networking and Windows XP Home Edition® with Service Pack 2 ; OpenOffice® (Microsoft Office® compatible office suite) ; Anti-virus, Spyware removal, Spam filter and Firewall software preloaded.

Specifications

Processing

- Model version M1
- Intel Centrino® Mobile Technology
- Pentium® M Processor (700 Series) 1.4 to 2.13GHz

Video / Graphics

- 15.4" XGA TFT display
- TFT Active Matrix Color LCD display
- 1024 x 768 resolution
- 16.7 million colors
- 128MB of shared memory
- 128MB of dedicated memory (optional)
- PCI-Express modular architecture (optional)
- Intel Graphics 915GM integrated graphics controller
- Intel Graphics 915PM integrated graphics controller (optional)
- nVidia GeForce Go 6600 graphics controller (optional)
- 1 VGA port/Mini D-sub 15-pin (for external monitor)
- 1 TV-Out connector (S-Video)

Storage

- One 2.5"/9.5 mm 5400 RPM IDE hard disk drive
- 20/30/40/60/100/120 GB HDD (4200/5400/7200 RPM)
- Ultra DMA 100/133 support
- CD-ROM, DVD-ROM, CD-RW, DVD & CD-RW combo, DVD/RW-DL, DVD-RAM
- 5-in-1 universal flash media card reader module :
 - SmartMedia
 - MultiMedia Card
 - Memory Stick
 - Secure Digital
 - xD-Picture

Audio

- Realtek HD Audio Chipset
- AC '97 and High Definition Audio
- 5.1 / 7.1 Channel Surround Sound
- Two built-in Stereo Speakers
- 1 x Microphone-in
- 1 x Headphone-out

MOTOROLA

Connectivity

- Built-in Motorola® 56K Soft Modem with V.90/92 support
- Built-in 10/100 Ethernet Base T
- Built-in 10/100/1000 GigaBit Ethernet Base T (optional)
- Embedded WLAN dual/triple-band antenna (optional)
- Intel® PRO/Wireless 2200BG, IEEE 802.11 b+g (optional)
- Intel® PRO/Wireless 2100, IEEE 802.11 b (optional)
- Intel® PRO/Wireless, IEEE 802.11 A/B/G (optional)
- PCM-CIA 2.1 controller (Texas Instruments®)
- PCM-CIA supports one Type II card
- 4 x USB ports (version 2.0)
- 1x IEEE 1394
- 1x S-Video Out
- 1 x RJ11 Modem Connector
- 1 x RJ45 Ethernet Connector
- 1 x DC-in Connector
- 1 x IrDa Infrared Port

Miscellaneous

- Silver shell color (charcoal grey)
- 86/87/88 full-sized (A4) keyboard (with palm rest)
- 19 x 19 mm key caps (2.5 mm travel)
- Microsoft® Windows function keys
- Integrated Synaptics® TouchPad with scrolling slider (up/down)
- Universal auto-switching power supply unit
- Power adapter input : 100-240V AC, 50/60Hz Universal
- Power adapter output : 19V DC, 3.42A, 65W
- Power adapter output : 18.5V DC, 4.9A, 90W (optional)
- Smart Lithium-Ion battery (8-cell, 2400mAh, 65Wh)
- Battery autonomy between 4 and 5 hours
- Charging time : 3 hours (power on)
- Charging time : 2.5 hours (power off)
- System Status :
 - Power On / Suspend
 - Battery Charging / AC Power Connected
 - Wireless LAN
 - CAPs Lock
 - NUM Lock
 - Hard Disk & Optical Disk Drives access
- 14.3" x 10.5" x 1.3" (363mm x 266mm x 34,2mm)
- 5.95 lbs (2,7 Kg) with battery
